

2/3/26

Ed

Ethan

Sunny

Spencer

Sandesh

Edward covers his aws architecture design

Discusses where the project should be set to be based (US,UK,Asia): uk will be fine

Sandesh shares screen to show an idea for a how a model should look. Shares that the model could run once an hour for accurate projections, weather should run once a day.

Ethan shares progress for figma that he's been working on.

Next meeting: Friday 6/3/26 to discuss
